KL to revive River of Life, Blue Pool as attractions

KUALA LUMPUR: The River of Life (RoL) and Blue Pool projects will be revived and promoted as new tourist attractions in the capital. Federal Territories Minister Datuk Seri Shahidan Kassim said this was following the Federal Territories of Kuala Lumpur, Putrajaya and also Selangor moving into Phase Two of the National Recovery Plan on Sept 10. He said it would be a focal destination for city folks to engage in leisure activities, so the task of preserving the facilities as well as the cleanliness of rivers around the RoL/Blue Pool projects must be a shared responsibility. "This is so that the cleanliness of rivers and the beauty in the RoL areas can be maintained and achieve the 'My City My Home' goal," he said yesterday.
