

Bukit Tunku telco tower may move again

THE relocation of a telecommunications tower in Jalan Langgak Tunku, Bukit Tunku in Kuala Lumpur, will be reviewed following residents' objections.

Resident Mohanthes Narayanasamy said this was decided during a Jan 3 meeting between residents and Kuala Lumpur City Hall (DBKL).

He said three residents voiced concerns over the proximity of the tower to their homes.

"The residents are very happy that DBKL listened to them and asked the telecommunications operator to look at a new site suggested by us, which is further down the road," he said.

The tower was supposed to be

located beside a bus stop along Jalan Langgak Tunku, less than 100m from Tijani 2 South, a residential area with 54 houses.

This followed a request made by a homeowner to remove the existing tower which was in front of his bungalow.

According to residents, DBKL has issued a stop-work order for the construction of the tower.

Segambut MP Hannah Yeoh's political secretary Yap Yee Vonne, who was at the meeting, said the telco company would get back to residents on the matter.

On Jan 2, *StarMetro* had reported residents' concerns about the relocation site. —

Mohanthes says residents are happy they are being heard.

Residents to meet DBKL tomorrow over telco tower construction

City Hall meeting Bukit Tunku tomorrow to review relocation of a telco tower in Jalan

DBKL Electrical Division said a meeting would be held tomorrow at the DBKL City Hall to discuss the relocation of a telecommunications tower in Jalan Langgak Tunku, Bukit Tunku. The meeting is being held in response to residents' objections to the tower's location. The tower is currently located near a bus stop and is being relocated to a new site further down the road. The meeting will be held at 10am tomorrow.

Mohanthes Narayanasamy, a resident who spoke at the meeting, said the tower's location is a concern for residents. He said the tower is located in a residential area and is being relocated to a new site further down the road. The meeting will be held at 10am tomorrow.

The original construction of the telecommunications tower was approved by DBKL in 2010. However, residents have expressed concerns about the tower's location and its potential impact on the surrounding area. The tower is currently located near a bus stop and is being relocated to a new site further down the road.

The meeting will be held at 10am tomorrow at the DBKL City Hall. Residents are encouraged to attend the meeting and voice their concerns. The meeting will be held in response to residents' objections to the tower's location.
