

ITMAX GETS RM47.2M VARIATION ORDER FROM KL CITY HALL

KUALA LUMPUR: ITMAX System Bhd, a company primarily involved in supply, installation and provision of public space networked systems, announced that it has been awarded a RM47.2 million variation order (VO) from Kuala Lumpur City Hall (DBKL). ITMAX has been involved in the supply, installation and maintenance of networked lighting systems in Kuala Lumpur for DBKL since 2016. In addition to its responsibilities under the existing networked lighting systems contract with DBKL, ITMAX, under this VO, is required to upgrade the light-emitting diode street lights including replacing the defective and out-of warranty street lights.
