
Benefits of waste-to-wealth initiative

PUTRAJAYA: The Segamat district could benefit from the implementation of community garden and waste-to-wealth policies adopted by the Federal Territories of Kuala Lumpur and Putrajaya, said Minister in the Prime Minister's Department (Federal Territories) Dr Zaliha Mustafa.

She said the initiative promotes environmental sustainability and provides economic benefits to the local community.

Zaliha said a Federal Territories delegation exploring possible cooperation between the Segamat Municipal Council and the Federal Territories Department, Kuala Lumpur City Hall and Putrajaya Corporation had discussed the matter, Bernama reported.

"Expertise and resources from these three local authorities open up opportunities to enhance the quality of life for residents in both the Federal Territories and the Segamat district."
