

ITMAX bags RM105m contract extension

KUALA LUMPUR: ITMAX System Bhd has obtained a contract extension valued at RM105.3 million from Kuala Lumpur City Hall. This extends ITMAX's provision of the integrated transport information system (ITIS), encompassing video surveillance and video messaging signages, beyond its initial end date in 2026. Phase One of the ITIS contract is extended until 2029. ITMAX managing director and chief executive officer William Tan Wei Lun said it would improve the current integrated digital infrastructure solutions and systems and promote digital transformation.
