

# Developer to submit new report today

**KUALA LUMPUR:** The developer of the wholesale complex where the road cave-in occurred said a more detailed report would be submitted to City Hall.

Kenanga Wholesale City Sdn Bhd group chief executive officer Yee Ia Howe confirmed at the site yesterday that another report would be handed to City Hall's public works department today.

"The first report which was rejected by City Hall was done in haste as we were rushing and had only one day to prepare it after the incident on Saturday evening. We will submit a new report today and it will be followed by a more detailed report within 10 days.

"We are giving our fullest cooperation to City Hall and we don't have anything to hide. We may be partly responsible but we have to wait for the outcome of the report."

Federal Territories Minister Datuk Raja Nong Chik Raja Zainal Abidin, who was also at the site, said further action would only be decided after City Hall's independent con-

sultant engineer had looked at the developer's reports.

Raja Nong Chik had earlier distributed aid amounting to RM800 to each of the 20 families staying at the City Hall and Public Works Department's quarters at Lorong Gelugor.

Out of the RM800, RM500 of the contribution was from the Federal Territories Foundation while the rest was from City Hall.

Housewife Noraini Ramli, 46, whose husband is a general worker of PWD, said she was still waiting to be given a new place.

"We are staying at a hotel in Sungei Besi, but I still come here during the day to cook as our children are attending school here. Our unit is not badly affected as some of the others," she said. — *By Nuradzimmah Daim*
