

Association An idea discuss

A GOOD idea that will boost the image of Tiong Nam. This was the view of the KL and Selangor Huiann Quangang Association regarding City Hall's redevelopment plan for the Tiong Nam settlement.

The association that started in 1964 is regarded as the representative of residents in the area.

Its general-secretary Chiu Sang Han said at present the area seemed to have a negative image because of activities like prostitution and drug addicts in the surrounding areas.

It is a bit difficult to redevelop the area as there are some parts of the area still deemed agricultural land. Also, the owners have just approval from City Hall and a multi-level building.

However, he added that it is an idea worth discussing.
